NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., July 12.

The infant of Mr. and Mrs O. A. Kirkman died at their home in the western part of the city yesterday, of cholera infantum, and was interred in High Point cemetery this morning.

Misses Lena Shapire and Yetta Harris, of Richmond, Va , arrived in the city last evening, for a visit of several weeks to the family of H. Harris, of the firm of H. Harris & Bro.

Joe Grimes is quite indisposed this week at his home on South Main street.

Hon. Frank C. Robbins, of Lexington, was a city guest yesterday. Mr. Robbins will be remembered by our readers as the gentlemen who delivered a splendid talk before a crowded house here on the 4th of July.

A protracted meeting, conducted by Rev. Pegram, will commence on the first Sunday in August at Jamestown.

Miss Ida Maroney, of Salisbury, is in the city visiting the family of Mr. L. J. Ingram, on English street.

Glad to see Albert E Barbee on the street last night, for the first time in six weeks, having just recovered from a long spell of sickness.

Misses Minnie Alexander and Bertha Snow left for Mt. Vernon Springs yesterday.

R. T. Pickens, Esq., of Lexington, passed through yeste day en route to Asheboro to attend court.

The Friends' yearly meeting is not long off—less than a month. Services will begin on the 8th of August. Every year a large crowd is present—especially on Sunday.

Mr. and Mrs. J. E. Cartland left last night for their new home in Greensboro. In their departure High Point loses one of her best citizens and families, while the Gate City gains the same. We regret to give them up.

COLORED ANTI-EXCURSIONISTS.

Preachers and Educators' Crusade Against Excursions.

Greensboro colored clergymen, together with some of the colored educators, have started a crusade against colored excursions and if their future efforts are marked with the same degree of success as their first, colored excursions from Greensboro will soon be a thing of the past. It was the result of their exhortations that the excursion, which was to have been run to Roanoke last Monday, was necessarily annulled, the managers being unable to sell tickets enough to pay the amount required by the railway company before the train could depart.

The anti-excursionists estimate that for every excursion they prevent they save $500 to Greensboro, and it is understood that they have pledged their influence to prevent every excursion that is announced to leave here. They have set an example that colored clergymen, especially, throughout this and other southern states would do well to copy, and they deserve commendation.

STOLE FROM HIS FATHER.

John Taylor Relieves His Parent Of Watch and Money.

John Taylor, colored, carries on business without respect of persons—not even family relations. John has served more than one term on the roads for stealing and various other offenses, but his last crime is a corker. On night before last he broke into his father's room and stole the "old man's" watch and a few dollars in money. The father reported the matter to the chief of police yesterday and Chief Scott took advantage of this opportunity to get in some good, quick work. He traced his man to Colfax, near Winston, and sent a warrant to the authorities there, to be served on John. He was notified this morning that the miscreant was being well cared for and Officer Stewart went to Colfax to bring him back.

John's father will now disregard family relations and will insist that his son be prosecuted to the fullest extent.

SHALL WE ISSUE BONDS?

The Mass Meeting At the Court House Last Night

PROMINENT CITIZENS SPOKE.

Discussion Live But All One Way Committee Appointed to Urge Voters to Attend the Polls.

The first public step toward answering the question, "Shall Greensboro issue bonds?" was taken at the court house last night, when a meeting of citizens was held for a discussion of the subject. The meeting was not largely attended, but was composed of progressive men, who have the best interest of Greensboro at heart, and the discussion was spirited and interesting throughout.

Mayor Z V. Taylor called the meeting to order, explained the use to which the bond money, if secured, would be put, and made a most interesting talk, showing the necessity for the issuance of the bonds.

Alderman Hunter was then called. He said that he had considered the bond issue in all its phases, and thought it the best thing for the city.

Dr. Charles D. McIver was next called, and made a short speech, stating that he did not believe that Greensboro could afford to do without sewerage and good streets, and that she could not get them without issuing bonds. He said: "Greensboro is the coming city of North Carolina. It is the only place in the state which can be reached from any point in the state in one day. If we have faith in ourselves we can remove mountains. The very statement that Greensboro has issued $300,000 in bonds will be worth more to her than almost anything else."

Geo. S. Sergeant was called upon to speak, and made a few remarks, expressing it as his opinion that the bonds should be issued.

R. W. Brooks; "These improvements we certainly need, and I see no way of getting them except by the issuance of bonds."

J. Ad. Hodgin: "As a citizen of Greensboro and one interested in the city's future, I am in favor of bonds."

Dr. W. B Beall impressed the need of a sewerage system, and only wished that more than $300,000 bonds were to be issued.

Hon. A. L. Brooks made a short talk, during which he referred to Reidsville's electric light plant, which is being operated by the city with profit. "Reidsville is now putting in a $35,000 water plant, which will also be operated by the town."

President Dudley, of the A. & M. College, colored, being called upon, stated that he was in hearty sympathy with the movement to issue bonds, and would use all his influence for its success, feeling that his race would reap their share of the benefits.

Judge John Gray Bynum made a timely talk, that was to the point. He urged the necessity of working together for the success of the election, and assured his hearers that nothing but hard work would carry it for the bonds.

Hon. Thomas Settle was called upon and made an earnest speech, saying that he was in favor of the bond issue if the benefits were equally shared by all citizens—otherwise not.

Alderman Sergeant replied to some of Mr. Settle's remarks, after which the original Sam Brown made a short talk, which was, as usual, witty and practical.

John N. Wilson made a few remarks, endorsing those of Judge Bynum. After pressing the need of concerted action, Mr. Wilson moved that the mayor appoint a committee of twenty good men to see that the voters are urged to go to the polls on election day.

The motion was amended by Dr. McIver and T. A. Lyon, and was passed unamimously. as printed below:

"It being the understanding that the $300,000 of bonds is to be used for the greatest benefit to the general interests of Greensboro, and without any unjust discrimination against the interests of any one section of the city, we declare ourselves in favor of the bond issue. And the chairman of this meeting is hereby authorized to appoint a committee of thirty, five from each ward, to see that the vote is brought out and polled."

In accordance with instructions received last night, the mayor today appointed the following committees:

FIRST WARD.

B H Merrimon, J H Walsh, R G White, C H Ireland, C G Wright.

SECOND WARD.

J N Nelson, J D White, J B Dudley, A M Scales, J W Landreth.

THIRD WARD.

Geo S Sergeant, C E Holton, H J Elam, W C Bain, Aaron Mendenhall.

FOURTH WARD.

Samuel Brown, Neil Ellington, J Y Joyner. G S Bradshaw, J J Nelson.

FIFTH WARD.

A F Brooks, E E Bain, John A Hodgin, M Vuncannon, Anderson Nelson.

SIXTH WARD.

J S Hunter, Myron G Newell, Thos Settle, E P Wharton, R D Douglas.

Shall We Vote the Bonds ?

In response to an inquiry yesterday from this city in regard to water rates at Charlotte under municipal ownership, Supt C. H. Campbell wired the following:

Charlotte, N. C., July 11, 1899.

G. H. Wright, Greensboro, N. C.:

We sell water by meter measurement only. Water rates reduced fifty per cent. by municipal ownership.

C. H. Campbell, Supt.

The following is from a prominent citizen of Wilson, who was mayor of that town when the water and gas plants were put in. It explains itself:

Mr. Clem G. Wright,

Greensboro, N. C.

Dear Sir:—Your letter of 9th received. Contents carefully noted. Our town charges $2 50 for the first 12,000 gallons; after that 10c per thousand gallons. The town owns its water works, electric light pant and sewerage system. If you will allow us $25 for our fire hydrant the plant would pay a good profit. (Most towns in the state pay $50). By all means I advise municipal ownership as the best in every aspect for your city. Water for street sprinkling is never questioned. Our plant is only 7 years old and in one more year it is predicted our hydrants will cost us nothing. Our electric light plant is run on metre rates to churches, ¾c per hour; private ¼c per hour. Yours truly,

Geo. D. Green.

WAKE UP, GREENSBORO!

$300,000 BOND ISSUE TO BE VOTED ON NEXT TUESDAY.

DEATH THE RESULT.

H. C. Lowry Killed for Being an Informer on Illicit Distillers.

Atlanta, July 11—A mysterious murder was committed in Cherokee county on Sunday evening. H. C. Lowry, an informer on illicit distillers and a prominent farmer of that district, was shot and killed while riding from his brother's home to his own. A strange woman is supposed to have stopped Lowry in the road and held him in conversation until the shot was fired. This woman went to the nearest house, about two hundred yards away, and said that somebody had been killed "down there in the road." She then disappeared and no trace of her can be found.

Carry the Bond Issue and tell the thousands of visitors during our Gala Week that Greensboro has voted Three Hundred Thousand Dollars for improvements.

AN ABSOLUTE QUARANTINE

Ordered Established by General Wood at Santiago.

GENERAL WM. BOOTH ASSAILED.

The Commander of the Salvation Army Near London Narrowly Escapes Assassination.

By Cable to THE TELEGRAM.

Santiago de Cuba, July 12—General Leonard Wood, commander of the Department, issued an order today establishing absolute quarantine. All officers and employes of the government, with the exception of those belonging to the department, are forbidden to enter the city. The mayor has been directed to close all hotels and saloons and forbid other liquor dealers to sell intoxicants to Americans and to arrest all intoxicated Americans. Headquarters were moved today to Cristo.

TRIED TO KILL GEN. BOOTH.

London, July 12—The story comes from Stockholm to the effect that an attempt was made on the life of Gen. William Booth, commander of the Salvation Army. The Salvation Army has been holding a revival for some time at Sodermelate, a suburb. Mr. Booth went there from London to encourage the movement. His coming was extensively advertised. When he approached the meeting place in a carriage he found a large crowd assembled. Suddenly a man leaped from the throng and bounded into the general's carriage, carrying a long, heavy iron cylinder which he raised above the general's white head and was bringing it down when an officer of the army, who was riding with the chief, received the blow on the arm, the commander escaping uninjured. The would-be assassin jumped from the carriage and escaped.

The Bond Issue means better streets, better lights, more water, cheaper water, cheaper insurance, better protection against fire, better sewerage and more of it, a creditable market house. Investigate this matter. Ask questions. It will stand investigation.

STEAMER ASHORE

Off Woodshoal, Mass--Thought to Be the Horatio Hall.

By Wire To THE TELEGRAM.

Portland, Me., July 12—A steamer is reported ashore off Woodshoal, Mass., this morning. It is thought to be the Maine Steamship Co.'s steamer Horatio Hall, which left New York last night for Portland. Officials here expected her to be reported as passing Chatham early this morning, but up to nine o'clock no such word had been received. The Horatio is a three-decked screw steamer, and one of the best appointed of any of the company's vessels.

THE VESSEL FLOATED.

Woodshoal, July 12—The stranded steamer, Horatio Hall, which ran aground last night, was floated off the beach at high tide this morning. She was apparently uninjured and resumed her passage, having only poked her nose in the sand.

THE STEAMER PARIS.

She Has Been Floated Clear of the Rocks And Safely Anchored.

By Cable to THE TELEGRAM.

London, July 12—The situation of the steamer Paris is most favorable. She was floated clear of the rocks and securely anchored during the night in a small creek near where she struck. Divers are now patching her holes and the pumps are working successfully and the vessel is expected to be towed to Falmouth on the high tide this evening if the weather be favorable.

GIVEN THIRTY DAYS.

Two Human Kissing Bugs Arrested and Sent Up.

By Wire to THE TELEGRAM.

Bayonne, N. J., July 12—Two men and a girl were arrested on the roadside near here this morning. The former were kissing and hugging the latter, who showed no objection. The men were sent up for thirty days.

Mothers, here's something for your babies. Thacker & Brockmann offer two dozen pairs infants' tan and chocolate sandal slippers at cost this week.

"Sir!" exclaimed the fair maid indignantly as Witticuss kissed her hand, "this is entirely out of place." "I thought so myself," returned the young man apologetically, "but I really hadn't the nerve to attempt the first one on your lips."

AN IMPORTANT MEETING.

State Horticultural Society to Meet Here During Gala Week.

The State Horticultural Society is called to meet at 8 p. m., Tuesday, August 1st, during Gala Week, at Greensboro, N. C. Every one interested in Horticulture is requested to attend and bring samples of fruit for exhibition Ample arrangements will be made for display and premiums awarded.

The following subjects will be discussed:

Fruits for middle North Carolina.

PRESERVATION OF FORESTS.

An Association to be Formed in Chicago—Minnesota Lands in View.

Chicago, July 11—According to the Times-Herald, a national park or forestry reserve association for the governmental preservation of more than 7,000,000 acres of land in northern Minnesota will be formed in Chicago this month. The organization starts with the cordial endorsement of Gov. Theodore Roosevelt of New York, President Hill of the Great Northern Railway, Col. John S. Cooper of this city, and prominent congressmen and government officials, interested in the immediate creation of great national reserves for the preservation of native forests and streams and the perpetuation of the game of the land.

The project is made doubly important through the fact that the friends and promoters of the reserve have also in view the placing under governmental charge all of the lands surrounding the head-waters of the Mississippi river. The tract includes the Leech lake district, and embraces the counties of Crow Wing, Aitken, Wadena, Hubbard, Beltrama, and Itasca, containing more than a thousand lakes.

40 BEAUTIFUL Building LOTS

ARE LISTED WITH

Southern Loan and Trust Co.

These lots are situated south from the State Normal College, and just opposite on the north side of West Lee street in a beautiful grove. They are a part of the Jackson place and are now for the first time offered in single lots. Any sized lot desired can be sold and terms can be made to suit purchaser. The price of these lots is put pown so that they will sell rapidly. Considering the location—being near business and schools and on one of the principal streets of the city—we believe that this property is offered at a bargain. Parties purchasing lots can secure loans through us for erecting dwellings on building and loan plan. See us at once before choice lots are sold.

LAST NIGHT'S DISCUSSION OF THE BOND ISSUE.

The mass meeting at the court house last night for the purpose of a free discussion of the burning question, Shall we stand still or go backward, or shall we forge upward and onward, a report of which appears in our news columns today, could hardly have been a more representative gathering of the awakened and determined citizenship of this municipality. The speakers showed by their happy, unrestrained remarks that all were as a unit for the grand forge of Greensboro to the front of the cities of North Carolina. No note of discord was sounded, and such a veritable love feast—such an unheard of absence of jar or note of discord speaks volumes for the future of our beloved city.

The sentiment that pervades the entire city, we believe, was there, and the speakers, such men as Mayor Taylor, Dr. McIver, Judge Bynum, Sergeant, Brooks, Settle, and many others only expressed the intense awakening that is destined to place Greensboro in the position which belongs to her—the leader of the cities of North Carolina.

The bonds must be voted. We cannot afford to let defeat come to the movement. Our growing importance demands it. The ball, already rolling with gathering momentum, must be kept flying. We must have better streets. We must have a water supply that will insure us protection against fire. We must have a sewerage that will insure us against the ravages of disease. There is no other course for Greensboro to pursue but to issue these bonds. We have reached the parting of the ways—we must grasp the salvation that bends to our reach. And it behooves every man who has the best interest of the city, the best interest of his own property, at heart to turn out on next Tuesday, July 18, and do all in his power, exhaust all his influence for the carrying of the election.

The reason of the question is apparent. It has been thoroughly discussed. We can never get these things for which $300,000 of bonds have been asked, by taxation. The tax limit has already been reached. But by the issuance of bonds, we will only have the interest to pay on same, which will be far less than the annual amount we are compelled to pay for a temporary keeping up of our muddy streets, for our inadequate sewerage system, poor lighting, and for our vastly insufficient water supply, which is a constant menace to the property of every citizen in case of fire.

We are the seat of learning—we are the Athens of North Carolina. We are the railroad center—why shouldn't we be the Atlanta of North Carolina? We are the typical North Carolina city; as Dr. McIver said last night, Charlotte is not nearly so Carolinian as Greensboro, she is half South Carolina, her people are not nearly so native as Greensboro's, etc.,—why shouldn't we lead the Old North State in everything? And we will.

The bonds must be voted!

With much regret and sympathy we notice that Mr. H. E. C. Bryant, the interesting and clever correspondent of the Charlotte Observer, is suffering with another attack of appendicitis and that an operation will have to be performed. We hope sincerely that he may survive the knife.

ROADBUILDERS' INSTITUTE.

The Roadbuilders' Institute is in session at Charlotte. Much interest is manifested by the delegates, and we are sure that the meeting will result in much good to the state by arousing other counties than Mecklenburg to the importance of an improvement of their highways.

We reproduce the following extracts from the Observer's report of yesterday's meeting, among which is a most interesting account of the manner of building, the cost, etc., of the Mecklenburg county roads, which Guilford people should certainly read:

Mr. C. A. Spratt, road engineer, said that the Mecklenburg road system was a combination of the Telford and macadam systems; that six inches of stones four inches in diameter were put down and rolled for the bed and two inches of crushed stone were put over this bed and rolled again, and that all this was covered with a top dressing of one inch of dust, making nine inches in all. The average cost of the roads of this county, he said, had been about $2,500 a mile; that so far sixty-nine miles of road had been built; that no grade was made steeper than four per cent.; that about twelve miles of road were now built every year; that stone for road building cost forty cents a square yard; that the macadam track should be twelve feet, not nine, as that width of track lasted longer and was better in every way.

Mr. D. P. Hutchison said that the road authorities of Charlotte township built no roads; that they only repaired those already built. He said that the cost of repairing the macadam roads was $65 annually, due largely to the use of narrow tires on vehicles. He thought the county had paid $2,000 a year for the privilege of using narrow tires. He also referred to the provision in some road laws which gave people the privilege of working out their road tax and said that that provision had not worked well here as it put unskilled labor on the roads.

Mr. D. A. Tompkins spoke of the benefits of good roads. He said that all men were bent on attaining health, wealth and happiness, or, in short, prosperity; and that while a great many factors entered into the question of prosperity, the item of transportation was perhaps the most important. Manufacturing, it was said, insists on easy means of communication in order to get raw material and food products at lowest figures. If there are bad roads and farmers cannot supply the workingmen with what they want then the railroads will, thus cutting off the farmer's home market, though he is only a few miles away with an almost impassable road between himself and the manufacturing plant.

The speaker emphasized the opportunity for social intercourse between country people and town people which would be the outcome of better roads, as well as the home market. The question of increased land values as the result of better roads was considered by Mr. Tompkins, and it was asserted that land values would double without the aid of manufacturing enterprises, while, if such enterprises were near, those values would be likely to triple themselves and go even beyond that.

Capt. H. D. Stowe said he had never heard a Mecklenburg man grumble about paying road tax. He thought it hard to say whether farmers, merchants or manufacturers derived most benefit from good roads. He told about a poor woman ten miles from Charlotte who was now making a living conducting a small dairy, which would have been impossible in the days of dirt roads. He told, too, of numerous other small industries that had grown up as a result of good roads, and said he had counted nineteen wood wagons pass his house seven miles from Charlotte in the winter time, all hauling wood to the city. He closed his remarks by emphasizing the fact that it was much cheaper to feed convicts on the roads than it was to keep them in the county jails.

Greensboro is represented by Prof. J. M. Bandy, city manager of roads, and W. C. Boren, chairman county commissioners.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back or weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by using Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at C. E. Holton's drug store.

Special to the TELEGRAM.

Washington, D. C., July 12, 1899.—The hearing of the charges of discrimination, brought by the Bureau of Freight and Transportation against the various railway lines connecting Charleston, Norfolk, and Wilmington, involves about forty roads. Much interest is manifested in the hearing by railroad men, especially those representing roads running through Virginia, North Carolina and South Carolina. When the hearing was resumed yesterday morning there were present in the rooms of the Interstate Commerce Commission a number of railroad men, including Messrs. H W. Glover, traffic manager of the Seaboard Air Line, with headquarters at Norfolk, Mr. Culp, Mr. Emerson, and others equally well known in railway circles.

Mr. J. P. K Bryan, who is conducting the case for the complainants on behalf of the Charleston people, is prosecuting the case vigorously, being aided by John A. Smith, who, as president of the Bureau of Freight and Transportation, represents the complainants. Both of the gentlemen are doing their best to get lower rates for the South Atlantic Seaboard, and to convince the Inter-State Commerce Commissioners that the defendant railroads are violating the provisions of the Inter-State Commerce law. The attorneys for the complainants have experienced much difficulty in ascertaining facts as to how the rates to the South Atlantic ports were made, and all the questioning thus far has failed to bring out any satisfactory explanation as to how it happens that Norfolk is favored with better rates than the South Atlantic ports. Most of the witnesses have tried to explain it upon the ground of commercial advantages held by Norfolk, and its competition with Baltimore and northern ports.

The hearing is before Commissioners Clements, Prouty, and Calhoun, who are taking much interest in the case, frequently asking questions of the witnesses to bring out points of value.

Senators Daniel and Martin, and the representatives from Virginia who came to Washington Monday for the president regarding the army appointments, were much pleased with their interview with the chief executive. The president informed them that he would try to make as fair a distribution of commissions as possible. At present Virginia can only receive a captaincy and two lieutenancies, but it is likely that other appointments will come later on. It is reported that from Virginia there are a thousand applications for these appointments. From other southern states the number of applications is almost as great.

It is reported in Washington that Senator Martin has stated that he does not believe Gov. Tyler will oppose him for the senatorship from Virginia, or that the governor will be drawn into the contest in any way. Virginia people say the governor is very popular, but under the present circumstances they hardly think that he could make a successful race for the senate against Senator Martin. The belief is here that the time for successful opposition to the present senator has passed, and that the senators re-elected is now a foregone conclusion.

United States Marshal Treat was one of the prominent visitors the other day. He is here in the interest of fourth-class postoffices remaining to be filled. Col. Treat has been recognized in making these appointments, being a sort of referee. The republicans from Virginia say that but few offices remain to be filled.

Ex Senator Joe Blackburn, of Kentucky, who is in the city, is of the opinion that Goebel will be elected governor of Kentucky. He says that there is some dissatisfaction among democrats, but that he will have twenty thousand majority. He also says that the legislature will be democratic, which will insure his own election to the senate to succeed Senator Lindsay.

Mr. and Mrs. J. L. M. Curry, of this city, and Miss Alys Connelly, of Asheville, N. C., it is reported have taken a cottage at Narragansett Pier for the season.

Rev. J. E. Thacker, of Alexandria, Va., left Monday for a trip to the mountains of North Carolina where he will spend his summer vacation.

Postmasters have been commissioned in North Carolina as follows: James P. Cockerman, Benham, and Thomas F. Floyd, Sue.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

"Every married man must ask his wife's permission to make a success." That was a saying of a wise old clergyman who knew that marriage was a partnership in the broadest sense, and that there can be no success in any partnership in which the partners do not contribute equally to make success possible. For this, if for no other reason, every man who is trying to climb the ladder of success should be interested in his wife's health. A healthy woman is always helpful. A tired, nervous woman, depleted in strength and depressed in mind, can contribute neither mentally nor physically to a husband's success.

The remarkable remedy, Dr. Pierce's Favorite Prescription, so strengthens the organs peculiarly feminine, dries up debilitating drains, heals ulcerations and inflammations, and cures female trouble, that the causes of ill-health are thus entirely removed, and the healthy, happy wife becomes a genuine help-meet to the husband.

"I was sick for twelve years, and for two years I had to stop work altogether," writes Mrs. Bell McCrobie, of Oakland, Garrett Co., Maryland. "I was treated by five different physicians, who pronounced my case Bright's disease, impoverished condition of the blood, and uterine trouble. I suffered a great deal with pain in both sides and much tenderness in pressing over the womb. I was bloated at times in bowels and limbs. Was troubled with a disagreeable discharge from the internal organs. I could not sleep and was troubled with palpitation of the heart. Suffered a great deal of pain in my head, temples, forehead and eyes, and I also suffered excruciating pain at monthly periods. Since taking eleven bottles of Dr. Pierce's Favorite Prescription, I have enjoyed better health than I had for more than twelve years previously, and have gained in weight twenty-five pounds since taking your medicines."

Sick women can consult Dr. R. V. Pierce by letter, addressed to Buffalo, N. Y., absolutely without charge. Each letter is read in private, its statements held in sacred confidence, and all answers are mailed, sealed in plain envelopes, without advertising or other printed matter.

It is a good thing to keep Dr. Pierce's Pleasant Pellets in the house. One Pellet is a laxative, two a cathartic dose.

A Cheap Trip to the Pacific Coast.

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus $2 00 Association Membership fee). This, in connection with the new Palace Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only $7.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of $12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. Further information may be obtained from any agent or representative of the Southern Railway, or from

The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderfully picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. Vernon, traveling passenger agent, Charlotte, N. C., or W. A. Turk, general passenger agent, Washington, D. C.

WHEELER IS EN R UTE.

He Will Sail For Manila On the Twentieth.

Washington, July 11—Gen. Joseph Wheeler left Washington this afternoon enroute to the Philippine Islands. He will sail for Manila on the 20th "I have no plans of campaign," he said, to an Associated Press reporter today, "and shall not know what I am to do until I receive my instructions from General Otis. I should like to have it understood," he continued, "that I go to the Philippines in an entirely subordinate capacity. Not only General Otis, but Generals Lawton and McArthur will rank me, and it is proper that they should, for while Generals Lawton and McArthur were my juniors they have been in the field while I have not and deserve to have places superior to any assignment that may be given me."

He said he would not resign his seat in the House.

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For The Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

GUNS GO TO TRANSVAAL.

England Still Ships Arms and Munitions of War.

London, July 11—The Seventy-third battery of Artillery has been ordered to South Africa, making the fifth battery of field artillery now under orders for the cape. Al the gun carriages of these batteries are being painted to match the local colors. Thirty machine guns were shipped to the Transvaal.

EFFECT OF THE FRANCHISE.

London, July 11—The Parliamentary secretary for the war office. Mr. Wyndham, replying to a question in the House of Commons today, said the communication published by the London Times July 7, giving the names of British officers detailed to proceed to South Africa to organize the forces there, had been sent with the knowledge of the Marquis of Lansdowne, secretary of war.

The secretary of state for the colonies, Mr. Chamberlain, in the course of a reply to Sir Henry Campbell-Bannerman, liberal leader in the House on Kruger's latest proposals, said that in the absence of fuller information it was impossible to be certain as to the practical effect of the franchise scheme, but so far as he was able to judge it would have no immediate effect on the representation of the outlanders in the first Volksraad, and he was not certain the outlanders would be able to carry any of the new seats allotted to them in the Rand until a very much later date.

The K. of P Endowment Rank.

G. H. Royster, General Agent Endowment Rank, Knights of Pythias, Greensboro, N. C.,

Dear Sir:—I beg leave to extend my grateful acknowledgement for check No. 10,013 on First National Bank of Chicago for $3,000.00, being the face of policy No. 34,670 on the life of my husband, Herbert H. Cartland, who died on the 14th day of April, 1899. The claim was paid in less than sixty days after proof of death was received at home office. I cannot too highly recommend the Endowment Rank to all people who desire good reliable insurance at a moderate cost, and may each and every Knight avail himself of the opportunity offered by the Endowment Rank for the protection of his loved ones when they have been bereft of his care and protection.

Again thanking you for your promptness, and wishing you and the Endowment Rank unbounded success, I am,

Yours gratefully,
H. G. Cartland, Guardian.

Brother Cartland became a member of the Endowment Rank on the 22nd day of March, 1892, and had been insured a little over seven years. He paid into the Endowment fund $344 25. The same amount paid to an old line company of the ordinary life plan would have secured but $1,333 33, a gain in favor of the Endowment Rank of $1,666 67.

Like everybody else the sea waves arrive at the shore in great style, but they go away broke.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton. druggist, and get a trial bottle free, Regular size 50 and $1. Every bottle guaranteed or price refunded.

BLOOD POISON CURE FREE!

B.B.B. (Botanic Blood Balm) Drives the Poisoned Blood out, and Thus Cures.

SAMPLE BOTTLE MAILED FREE

SYMPTOMS. If you have either pimples, painful swellings, ulcers, or mucous patches in throat or mouth, sore eyes or nose, slow discharge from the ears, copper-colored spots (sometimes the spots are red or pink), sores on the back, or ulcers on legs, color bad, skin itches and burns, boils, aching bones, feet or hands puff up and swell, hair and eyebrows fall out, then you have blood poison, either acquired or inherited. Begin taking B.B.B. at once, at any stage of the disease, and in one to six months the poison will be driven out of the entire system, and a cure will result. All the symptoms will gradually disappear, and you will be happy once more. B.B.B. (Botanic Blood Balm), is a thoroughly tested, powerful blood remedy, hence cures when all else fails. Beware of the mercury treatment of the doctors. B.B.B. does not contain vegetable or mineral poison, and acts as a fine tonic, building up the broken-down constitution. For sale by druggists. Large bottles, $1, six (full treatment) for $5. Send 2 stamps for book and free sample bottle, which will be sent by return mail. Describe symptoms, and personal free medical advice will be given.

Twenty-Four Deaths from Fever.

Washington, July 11—Surgeon-General Sternberg has received two cables from Maj. O'Reilly, Chief Surgeon at Havana, regarding the yellow fever situation. In the first he says:

"Harvard at Santiago telegraphs revised list today showing 122 cases with twenty-four deaths. No cases in camp in last three days. Headquarters ordered to interior."

The other dispatch reports two additional cases of yellow fever, at Manzanilo five in all.

Mr. A. Saunders, writing from Cocoanut Grove, Fla., says there has been quite an epidemic of diarrhoea th re. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

"Pears ter me mighty like ez ? there wuz somethin' in the wind," muttered the Kansas farmer as he watched a playful cyclone depart with the family residence.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

No, Maude dear, because a young owl is called an owlet that's no reason why a young bull should be called a bullet.

A Mother's Duty

is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

7 Sutherland Sisters' Scalp Cleaner

has stood at the apex of all shampoo washes, while the "HAIR GROWER" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

BRIEF LOCAL MATTERS.

Miss Bertha Bloch, of Richmond, Va., is visiting Mrs. A. M. Lindau.

Jesse Carter, Jr., of Carthage, passed through the city today returning home from Madison.

Lawn party at the Academy of Music lawn next Friday night for the benefit of West End base ball team.

Strawberry cream at the Academy of Music Friday night made from sweet northern strawberries.

Misses Annie and Sallie Rosemond, of Hillsboro, are visiting Mrs. J. T. Hedgpeth, on Schenck street.

Mr. W. W. Shaw, of Washington, N. C, is visiting his daughter Mrs R. W. Murray, on Asheboro street.

Rev. H. D. Lequeux, pastor of Alamance church, will preach at Westminster church Sunday morning at 11 o'clock.

Spoon and egg race, sack race, three legged race, good singing, and a hayseed "bisiklest" at the lawn party Friday night.

Mr. N. J. O'Brien and family are housekeeping in the handsomely finished new residence of Mrs Thomas Settle on East Lee street.

Miss Ethel Finlater, who has been here nursing her sick brother at Maj W. H. Martin's, has gone to Greensboro for a few days.—News and Observer.

There will be twenty beautiful waiters to fill your orders for delicious refreshments at the West End lawn party next Friday night at the Academy.

While the bond agitation is on, you are reminded that the sidewalks are paved all the way out to Asheboro Street Pharmacy, where you will be treated right. See new ad.

W. J. Ridge announces in today's paper that the "low-price furniture man" is still selling at his old prices, notwithstanding the fact that furniture manufacturers have advanced prices.

Bob Donnell, colored, charged with the theft of a coat, was tried in 'Squire Eckle's court yesterday afternoon. He was bound over to the Superior Court, and in default of bond was sent to jail.

The visit of "Mother Goose" at the Lindsay street graded school lawn yesterday afternoon and evening was most pleasant and profitable. A good sized crowd was present, and the little folks who gave the party made flood returns.

Among the many things Greensboro has to be proud of, there is none that adds more to her credit as a railroad center than her elegant passenger depot. You cannot find as good in a day's travel in any direction.—Winston Journal.

Mr. A. F. Hollowell, a popular young man of Goldsboro, has accepted a position as clerk at the McAdoo House in this city, entering upon his new duties today. Mr. Hollowell is an experienced hotel clerk having, at different times, clerked in the Goldsboro hotels and in the Atlantic Hotel at Morehead City.

Concord Strikes a Snag.

It might be interesting to the members of the Greensboro baseball team, and perhaps others, to know that the Concord team, "the champions of North Carolina," ran against a snag when they pitched their tents in South Carolina. In a game with the Union, S. C., team the Concord boys were ingloriously defeated by a score of 18 to 8, Union making many home runs.

Expert Penmanship.

In the writing room at the McAdoo House is displayed in an attractive frame, a handsomely executed advertisement for the Bingham school at Mebane. It is the work of the instructor in penmanship at the above mentioned school and is a splendid testimonial to his skill. The sign is attracting no little attention.

Notice of Withdrawal.

Notice is hereby given that A. E. Fordham, of A E Fordham & Co., has withdrawn from the firm, which will hereafter be known as W B Young & Co. All transactions, such as debts due to, and accounts owed by, the old firm, will be settled by W. B. Young & Co.
